FILE HEADING.

Removal of the Vaccine Institute to the Lallbagh bungalow.

From

The Sanitary Commissioner.

No. 1251 Dated 18.11.13 Received 19.11.13

Diary No.	Enclos. 2. Spare Copies.	Serial No. 1

BRIEF ABSTRACT OF LETTER.

letter No. 219 dated the 2nd October 1913, from the officer in charge of the Vaccine Institute and stating that minimum of effective alterations to the Lallbagh bungalow to meet the requirements of the position, the entire building is made available for the Institute, the Superintendent being provided with quarters, in a separate building

NOTES AND ORDERS.

Put in this order No. Ry 2374-7 dated the 11th September 1913, Ry. M. 160-13 directing that the Vaccine Institute be removed to the Lallbagh bungalow and that the northern block of buildings in the present Vaccine Institute compound now occupied by Mr. Abbey Hamilton, be placed at the disposal of the Surgeon Major

NOTES First Sheet.

GPB—35,000—15-6-12

Mr. Abbey Kaiden being asked to remove to the building occupied by Mr. Norantha, Assistant Surgeon, attached to the Vaccine Institute.

2 Mr. Pulton is of opinion that the Lal Bagh bungalow is unsuitable to locate Vaccine Institute on Sanitary grounds and also that the Institute will be removed too far from him for efficient supervision and requests that a better and more convenient place may be selected.

The Sanitary Commissioner has based his recommendation on the assumption that the Vaccine Institute is eventually to form part of the Public Health Institute and that the permanent buildings, if sanctioned, may be ready in about 2 years. He recommends the grant of a lump sum of Rs. 50/- per mensem, to the Subordinate, Vaccine Institute. He does not point out the source from which the recurring expenditure is to be met. There is no provision in the budget estimate for the current year to meet the expenditure in question.

But it has to be considered.

Submitted for orders.

MA 5-7 (2) The additions and alterations suggested by Mr. Pulton to the Lal Bagh bungalow are roughly estimated to cost Rs. 1000. The Sanitary Commissioner's opinion

Secy File No. 65 of 1913-14

Serial No.

Real for reasons stated it will be sufficient to provide Rs 1 to the Supdt in the neighbourhood of the Lodge, instead of spending Rs 10000 purely as a temporary measure. A rent of Rs 50/- p.m is suggested which will come up to Rs 1200/- for two years, if as we surmised, by the Secy Govt the Public Health Institute building will be ready by that time.

(11)
1.12.13

4. Both Dr Palpu and the Senior Surgeon Govt Agy say that the location of the Vaccine Institute at the Lal Bagh lodge should be purely temporary. Dr Palpu urges sanitary, technical and administrative grounds against permanently locating the V. Institute there; While the Senior Surgeon thinks it unnecessary to go into these details as the V. Institute has already been decided to be eventually constituted an integral part of the Public Health Institute.

5. In either case, the V. I. has to be shifted to the Lal Bagh lodge for some time at least, and the Sanitary Comr recommends it as a cheaper course to add two sheds to the existing buildings, and to grant an allowance of Rs 50/- to the Superintendent to cover his house rent

15 The construction of an elaborate Vaccine Institute will take some time - a couple of years at least. In the meantime it is necessary to shift the Institute from the present buildings and to provide house accomodation in close proximity to the Lal-bagh Lodge to the Assistant Surgeon in immediate charge of the Institute. The rents for houses in the locality vary from Rs. 50 to 75 a month and the disproportion between the house rent recommended and the salary of the Assistant is, out of necessity, to be ignored.

19 I do not know of any special reason why it is necessary to have the Supdt of the vaccine Institute in quarters close to the Institute. There are outhouses in the Lalbagh lodge where some of the experienced servants can live and that would be sufficient. The house rent to the Supdt may be discontinued and he may be permitted to live in any quarter of the town that suits him and attend to the work from there. If it is considered a hardship to disallow house allowance to the present incumbent who has enjoyed a free house for sometime an allowance of Rs 20/- which is commensurate with his pay of Rs 120/- may be sanctioned. Rs 50/- is 42% of his pay and too high. But Mr Noronha is in charge of the vaccine institute only from a recent date and there would be no reasonable hardship if the allowance is disallowed altogether.

32 I adhere to the views expressed in my note of 3.2.14 on page 7. The apparent necessity for a house close by for the Supdt is that sometimes a calf develops lymph at night time and it has to be extracted at night. By examining the records of the past few years — and there are records giving exact time — it may be scrutinized how many times a month on an average night operation was

NOTE—Contn. sheet.

GPH—60,000—7-11-13

necessary - If the calves are inspected once at about 9 P.M. there occasions for night work will be very rare indeed - Moreover, even if lymph in any case becomes over-mature it can be easily detected and rejected - The rejection of the lymph in a few such cases will be more economical than paying house rent at Rs 50/- a month regularly - 12/4

35 The manufacture of Vaccine lymph is an extremely difficult & delicate operation, requiring constant supervision of a reliable officer. It would be a great administrative blunder to separate the supervising officer from the close proximity of the Institute. Both Custom in Mysore and the practice elsewhere argue against any change in this direction.

General and Revenue Secretariat.

43 *Submitted to His Highness.*

In Government Order No. C. 2374-7/G.M.160-13 dated the 11th September 1913, it was directed that the Vaccine Institute be removed to the Lal-Bagh lodge, the northern block of buildings in the Vaccine Institute Compound being placed at the disposal of the Mysore Bank.

2. The Sanitary Commissioner reports that the Lal-Bagh lodge is sufficient only for the requirements of the Vaccine Institute and that the Superintendent of the Institute may be provided with quarters in a rented building close to the Institute.

3. As the rent of buildings in that locality is high the Sanitary Commissioner recommends sanction to a rent of Rs.50/- per mensem for the purpose till a separate building is constructed for the Vaccine Institute.

4. The Financial Secretary is not in favour of granting house rent to the Superintendent of the Vaccine Institute on the ground that there is no necessity for him to live close to the Institute.

5. The necessity for the officer in charge of the Institute living in close proximity to it, if not on the premises itself, has all along been recognised, as the manufacture of Vaccine lymph requires constant supervision of a reliable officer. The Members of Council approve of the recommendation of the Sanitary Commissioner and I agree with them. I solicit the gracious

the Government of His Highness the
Maharajah of Mysore, BANGALORE.

To

K.R. Srinivasa Iyengar Esq., M.A.,
Secretary to the Government of His
Highness the Maharajah of Mysore,
General & Revenue Departments,
BANGALORE.

Sir,

With reference to your D.O. No. 94 dated the 20th September 1913 regarding the removal of the Vaccine Institute to the " Lalbagh Lodge ", I have the honor to forward copy of letter No. 219 dated the 2nd October 1913 from the Officer in charge of the Institute suggesting certain additions and alterations roughly estimated to cost Rs. 10000/-.

2 I inspected the building on the 1st Instant in company with Mr. Palpu and discussed the various details with him. Mr. Palpu states it as his firm conviction that if a portion of the building is used as living quarters by the Superintendent and the rest for operations connected with the preparation of lymph the purity of the lymph is bound to be affected. The locality is in his opinion unsuited for a permanent Vaccine Institute but for temporary purposes he wishes to have the building set apart exclusively for the

Department of Public Health in Mysore

From

THE SANITARY COMMISSIONER
IN MYSORE, BANGALORE.

To

THE SECRETARY TO GOVT.,
GEN. & REV. DEPTTS,
BANGALORE.

Dated 1913

Despatched

Received

General No.
No.

Enclosure No.

SUBJECT.

Submitting proposals on the subjects of additions and alterations to the Lalbagh Lodge.

V.B. SOOBBIAH AND SONS, PRINTERS, FORT, BANGALORE—1913.

the Institute proper, in which case the additions and alterations proposed may be dispensed with excepting the construction of two sheds.

3. I should not like to enter into a discussion in regard to Mr. Palpu's opinion as regards the suitability or otherwise of the building for the Vaccine Institute and the necessity or otherwise of the additions and alterations proposed by him; but so long as the responsibility for producing pure lymph is vested in him it would be unwise not to allow him as much latitude as is practicable under the circumstances.

4 I take it to be the desire of the Government that there should be no change in the original intention of having the Vaccine Institute as a part of Public Health Institute. The plans and estimates for the proposed new building, now before Government, are based on this assumption. In view of this fact I am not prepared to recommend extensive improvements or additions to the " Lalbagh Lodge " which, besides, rendering the building unsuited as a dwelling house later on will involve too large an expenditure for a purely temporary purpose. I believe I shall not be wrong in assuming that the new building for the Public Health Institute, if sanctioned, will be ready in about two years. If during these two years the Superintendent is provided with quarters in the immediate neighbourhood of the Lalbagh Lodge, the whole building will be available for the Institute and this arrangement would meet Mr. Palpu's requirements.

5 The cost at Rs. 50/- per mensem as rent will amount to Rs. 1200/- for the two years or less than 1/8th of the estimated cost of the improvements suggested

suggested.

6. I request early orders of the Government on the subject.

I have the honor to be,
Sir,
Your most obedient servant,

H. J. Anderson

Sanitary Commissioner.

P.H.

Letter No. 219 dated the 2nd October 1913 from the Officer in charge of the Vaccine Institute to the Sanitary Commissioner in Mysore.

-:::-

In obedience to your No. 1319 dated the 22nd September 1913, I beg to submit herewith a plan of the " Lal-bagh Lodge ", together with a statement showing the allocation of the available accomodation and the additions and alterations needed, in order that the Vaccine Institute may be shifted into the place.

2. I trust that a careful study of the proposals contained in the above, will convince you that I have tried to be as economical as possible as regards the requirements, consistent with efficiency.

3. I beg to add that whatever may be the extent of additions and alterations that may be made, the premises now proposed would still be more or less unsuitable for occupation as a Vaccine Institute, even temporarily, for the following reasons, viz.,

(i) that the place is very dusty, shadeless, low and malarious,

(ii) that the accommodation available is insufficient. A vaccine Institute will require much larger grounds. Even the additions that are now proposed would make the present place more over-crowded.

(iii) that it was till recently occupied as a Hospital, and as such is specially unsuitable for a Vaccine Institute, for some time.

(iv) that both in the interests of the Institute itself as well as of the Superintendent thereof, it would be undesirable that one and the same building should be used both as the Institute and as the dwelling house for the Superintendent.

(v) that the place is further removed from me

from me for efficient supervision. When the details of work in an Institute are duly considered, it will be seen that shifting the Institute further from me, especially at the present stage, would be particularly undesirable in the interests of the Institute.

4. Under the above circumstances, I trust you will be pleased to see your way to select a better and more convenient place for the Institute, and obtain orders of Government accordingly.

Read:-

Government Proceedings No. G.2674 -7/G.M.16-13 dated the 11th September 1913 directing the removal of the Vaccine Institute to Lal-Bagh lodge, Bangalore.

2. Letter No.1931 dated the 18th November 1913 from the Sanitary Commissioner reporting that the Lal Bagh lodge will be exclusively required for the Vaccine Institute after effecting certain needful alterations and improvements and recommending that a house rent of Rs.50 per mensem may be granted to the Superintendent of the Vaccine Institute as he has to live close by and as rent is high in that locality.

****

Order thereon No. 12601-Sanity 65 13-14

Dated Bangalore / 1914.

Government direct that, pending the construction of a separate building the Vaccine Institute be temporarily located in the Lal Bagh Lodge. The Sanitary Commissioner is requested to submit an estimate for the construction of ~~the~~ two necessary sheds in the premises of the lodge as proposed by the officer in charge of the Vaccine Institute

2. To ensure constant and efficient supervision of the Institute, Government are pleased to sanction the grant to the Superintendent, of house rent not exceeding Rs.50/- per mensem to enable him to hir

a house near the Institute. Only the actual house rent paid by the Superintendent ~~need be paid~~ is debitable to Government subject to the limitation prescribed above.
